McCann, Director, Virginia Cooperative Extension, Virginia Tech, Blacksburg; Alma C. Hobbs, Administrator, 1890 Extension Program, Virginia State, Petersburg.

Alternatives to Methyl Bromide

Day 1: March 2, 2009

Methyl Bromide availability will be severely limited in 2009 and beyond – it will soon be gone. What will you use when Methyl Bromide is phased out? Will you be able to purchase Methyl Bromide this summer?

Have you answered these questions?

- What are your disease and weed problems?
- Which chemical and cultural alternatives will you use for your disease and weed control?
- Will you need to change or adapt your equipment?
- How will you monitor the flow of selected fumigant?

<u>Time</u>	<u>Topic & Speaker</u>
8:30 a.m.	Registration
9:15 a.m.	Chloropicrin, Telone, Paladin Rob Welker & Barclay Poling Metam Sodium,
Noon	Sponsored Lunch (Arysta LifeScience)
1:00 p.m.	Midas & Grower Roy Stewart & Barclay Poling Registration/Testing
3:00 p.m.	Adjourn

Pre-Registration Requested

Virginia Beach Strawberry School & Trade Show

Day 2: March 3, 2009

The Strawberry School features Dr. Barclay Poling from North Carolina State University for the full morning program. Do not miss his outlook on the current crop situation, preparation for the spring season and other production issues.

An excellent array of sponsors will have their products and services on display. All growers are welcome with a special invitation to North Carolina and Maryland producers.

<u>Time</u>	<u>Topic & Speaker</u>

List of Virginia Beach hotels can also be found at: www.vbfun.com.

**Directions to Tidewater Community College (TCC) and
Advanced Technology Center (ATC)**

1800 College Crescent

Allow time for heavy traffic - Refer to map on back of program

From Suffolk: Take Interstate 64 west to Chesapeake/VA Beach. Then select from *either* of the following 2 choices:

1. After crossing the high-rise bridge, take Exit 291B (Route 168, Great Bridge Bypass). Cross the high rise bridge over the canal and take Exit 11 (Mt. Pleasant/ Rt. 165 North). Follow this road about 10 miles to the Virginia Beach Municipal Center. Turn left onto Princess Anne Rd. Go approximately 3 miles and turn right onto Concert Drive. Take first left onto University Drive.

2. After crossing high-rise bridge continue on Interstate 64 East to Exit 286B (Indian River Road East). Go approximate 1.5 miles through several traffic lights and bear left onto Ferrell Parkway. Follow to Princess Anne Road – South. Go about 2 miles to Concert Drive. Turn left.

From Newport News: Take Interstate 64 east to Interstate 264 East (Exit 284) towards oceanfront. Take Exit 18 Rosemont Road (south) to Faculty Blvd or Concert Drive.

From Eastern Shore: After crossing bridge/tunnel follow Rt. 13 (Northampton Blvd south) to Independence Blvd (south). Turn left on Independence – go approx. 8 miles, turn left onto Princess Anne Road; go 1 mile, left turn onto Concert Drive. Caution: about a mile south of I-264, Independence Blvd forms a ‘Y’ with Holland Rd. Holland Road goes straight (center lanes); Independence bears right (right lanes). Be in the correct lane for the road you wish to take. If you end up on Holland road, turn right at Rosemont Road; follow to Faculty Blvd or Concert Drive.

From Moyock, NC: Take Route 168 north to Great Bridge. Take Exit 11 (Mt. Pleasant / Rt. 165 North). Follow this Rd about 10 miles to the Virginia Beach Municipal Center. Turn left onto Princess Anne Road. Go approximately 3 miles to Concert Drive. Turn right.

At the Tidewater Community College Campus:

The Advanced Technology Center (ATC) is midway between the TCC main buildings and the ODU/NSU Center. It is a 2-story building with a large parking lot in front. From University Drive turn on College Crescent or Faculty Blvd to park. Parking lot fills early. Enter the main doors of the ATC and take steps/elevator to second floor conference room/auditorium.

Virginia Beach Strawberry Programs Registration Form

Please check program(s) you will attend:

**Day 1: Alternatives to Methyl Bromide
March 2, 2009**
