

The Mission of the Design Subcommittee of the Bayfront Advisory Committee is to:

- Recommend a series of public safety projects, strategies and actions for consideration by the Bayfront Advisory Committee;
- Recommend a series of plans, guidelines and development incentives that increase community awareness and safety throughout the Bayfront Community for consideration by the Bayfront Advisory Committee; and
- Advocate for the funding and completion of the remaining phases of the Shore Drive Roadway Improvement Project and continue to pursue Bayfront Advisory Committee and public review of the development.
