

**FY 2021-2022 Virginia Beach Budget
Response to Council Questions**

Question Number: 68

Question: What is the recycling at Sandbridge? Is it coming off the beach? Please verify with the City Attorney's Office that it is consistent with the Sandbridge SSD ordinance.

Date Requested: 4/14/21

Requested By: Councilmember Henley

Department: Public Works

Response: The containers would be placed at access points onto the beach, it would allow beachgoers to place recyclable materials in the cans, such as, bottles, aluminum cans, and certain plastic and paper products. This is completely separate from the current recycling service provided to homeowners in Sandbridge.

Beach Operations will collect the material and process it as required; staff will monitor the containers and establish a collection frequency to place in separate recycle roll off.

The City Attorney's Office has confirmed that the program meets the requirements of the Sandbridge SSD ordinance.
