THE FAMILY SELF-SUFFICIENCY (FSS) PROGRAM CAN HELP YOU:

SET GOALS

We can help you identify goals and address the barriers that may be preventing your success. What do you want to achieve?

- Reduce debt and improve your credit
- Earn a post-secondary degree or GED
- Change careers or obtain a new job
- Become a homeowner

GAIN FINANCIAL STABILITY

The FSS Program can help you increase your earnings through job placement, training, and education. Participants may also receive an interest-bearing non-taxable escrow (savings) account. Recent FSS graduates earned an average of over \$6,000 after five years!

EMPOWER YOURSELF

The FSS Coordinator will work with you to develop a step-by-step plan of action specifically geared to meet your needs. Our partners will provide you with the tools and knowledge to help you reach your goals.
