City of Virginia Beach Organizational Mission & Values
The City of Virginia Beach exists to enhance the economic, educational, social and physical quality of the community and provide sustainable municipal services which are valued by its citizens. The City of Virginia Beach organization is based upon a belief in the democratic process of government. This belief provides meaningful ways for citizens, reflecting the diversity of our City, to contribute to the development of public policy. This process is enhanced by organizational values which guide member performance within the Virginia Beach Quality Service System. These Values define our desired organizational culture. We value quality customer service; teamwork; leadership and learning; integrity; commitment; and inclusion and diversity.

Class Summary
Provide medical/clinical services to mental health and chemically dependent population in a clinical services setting.

Representative Work Functions and Responsibilities
Provide psychiatric services to adult mental health and substance abuse population.

Provide diagnosis and treatment of mental health/substance abuse problems.

Order and interpret laboratory tests and order EKGs for screening and for diagnosing.

Refer clients to appropriate medical and/or clinical services.

Prescribe appropriate psychotropic medication.

Prepare medical justification and documentation for clients to obtain prescribed medication in accordance with financial status; and assist clients in applying for patient assistance programs, applying for department medication subsidy, obtaining sample medications and obtaining prescriptions, when approved, from pharmacy accounts.

Provide information, instruction, and counseling on health maintenance, health promotion, social problems, illness prevention, illness management, and medication use.

Manage a patient caseload and provide documentation for medical direction and supervision, e.g., chart review, case review of patient care outcomes as required by the Virginia Board of Nursing and Board of Medicine.
