

IMPORTANT CLASS HEALTH AND SAFETY REMINDER!

Our class policy:

If anyone within your family has been sick with a virus or contagious illness within the last 48 hours, we ask that you inform us (i.e. text/call) that your child will be absent. This includes, but is not limited to; fevers over 101, unexplained rash, vomiting, or diarrhea. If your child has a runny nose with yellow or green mucus, please stay home. If your child has been on antibiotics for 24 hours but continues to have green drainage from the eyes or nose please keep them home. Some of our children and their families have delicate immune systems and we don't want to spread germs!

Thank you for your cooperation!
