## **Storytime Registration Policy**

Effective January 1, 2015

Virginia Beach Public Library offers customers free access to Early Literacy Storytime Classes. Storytime classes are available in all locations and incorporate specific literacy activities based on the American Library Association's Every Child Ready to Read initiative. Storytime classes are offered as six-week series during each season (Winter, Spring, Summer, Fall, Holiday). Registration is required.

### **Registration Limited to One Series Per Individual Child Per Season**

To allow for the widest possible community access, customers may register an individual child in one series per season. Customers with duplicate registrations for an individual child will be asked to select their preferred class to attend.

### **Children Must Be in the Target Age Group At Registration**

Each storytime class is designed for specific age-groups in order to focus on children's physical and mental development at each stage. Children must be of the appropriate age at the start of the storytime series. While children develop at different rates, it is in the best interest of the child to remain with children their own age for the storytime class series.
