BASIC RECREATIONAL DISC GOLF RULES

GENERAL

Disc golf is played like ball golf using a flying disc. One point is counted each time the disc is thrown and when a penalty is incurred. The object is to acquire the lowest score.

TEE THROWS

Tee throws must be completed within or behind the designated tee pad. Do not throw until the players in front of you are out of range.

LIE

The spot where the previous throw has landed.

THROWING ORDER

After teeing off, the player whose disc is farthest from the hole always throws first. The player with the least amount of throws on the previous hole is the first to tee off on the next hole.

SAFETY FIRST

Golf discs can cause serious injury. Never throw into players or park users. Always give park users the right of way. Be aware of your surroundings and environment.

FAIRWAY THROWS

Fairway throws must be made with the foot closest to the hole on the lie. The other foot may be no closer to the hole than the lie. A run-up and normal follow-through, after release, is allowed.

COMPLETION OF THE HOLE

A disc that comes to rest in the disc pole hole basket or chains constitutes successful completion of that hole.

UNPLAYABLE LIE

Any disc that comes to rest above the ground (in a tree, for instance) is considered an unplayable lie. Your next shot must be thrown from the spot directly underneath the unplayable lie. If necessary, relocate your throw to avoid damage to the vegetation, but no closer to the hole.
