

New Membership Sales FAQ

Membership renewals and new membership sales are being done with a conscious eye toward safely accommodating increased participation within the COVID-19 guidelines established by the Virginia Department of Health. These include maximum capacity limits and enhanced cleaning protocols. We hope to be able to increase our operating hours, allowing us to provide access to more members in the near future!

How do I use my membership under the current COVID-19 reopening guidelines?

All members must reserve their activities through our online reservation system at VBgov.com/reopen. Members can register for up to 4 activities per week and call to inquire about day-of availability from cancellations for additional slots. For complete information about current center usage and availability, please review the [Rec Center Reopening FAQ](#).

When will new rec center memberships be available?

VBPR is taking new members beginning Sept. 8, 2020. Memberships may be purchased online or over the phone. Since drop-in childcare is currently unavailable, family childcare packages will not be sold at this time.

How much does a membership cost?

Annual memberships will be available at current rates:

- Youth annual resident \$39
- Adult annual resident \$104
- Senior annual resident \$84
- Annual non-resident \$396
- Premier resident (includes group fitness) annual \$299
- Premier non-resident annual \$ 534

Can I pay monthly instead of the entire fee at once?

We will no longer be selling month-to-month memberships, but current members with a recurring credit payment set-up by Sept. 15 will not be affected as long as their payment method does not get declined or the membership is cancelled.

We will be offering a new 30-day membership, however, and are working to create a payment plan option for annual memberships later this fall.

What is a 30-day membership?

This new membership offering provides a 30-day non-renewable membership plan at a cost of \$21 for Virginia Beach residents and \$43 for non-residents. The 30-day memberships do not include group fitness classes (group fitness is currently only available to Premier, Silver Sneakers, Renew Active, and Silver and Fit members under our COVID-19 reopening guidelines.)
