In the search window enter “Virginia Beach Parks & Recreation – Sports Management”

If you would like to receive information for cancellation and updates for all fields, you can click the Star to mark “Virginia Beach Parks & Recreation – Sports Management” as your favorite.

If you would like to only receive information pertaining to a specific field, click the “Virginia Beach Parks & Recreation – Sports Management” link

You will see a list of fields. Here, you can select the fields you would like to get updates on by clicking the star beside the appropriate field to mark it as a favorite.

The screenshot shows the Rainout Line website interface. On the left, there is a sidebar for "Virginia Beach Parks & Recreation - Sports Management" with contact information (757) 781-0001 and links for "Email & Text Alerts", "Go to Website", and "Listen to Phone Menu". Below this are app download instructions for Android and iPhone. The main content area displays a table of favorite fields. The table has columns for Name, Updated, Ext, and Favorite. Each row represents a field, with a green circle icon, the field name, the last update time, the number of extensions, and a yellow star icon. Two red arrows point to the star icons for "City View - Softball Field 1" and "City View - Softball Field 3".

If you would like to receive text and email updates, click the "Email & Text Alerts" link.

This screenshot is identical to the one above, but with a red arrow pointing to the "Email & Text Alerts" link in the left sidebar. The table of favorite fields remains the same.

The first screen you will see is information about the Mobile App you can download (available on the iPhone app store and in Android Market). With the Mobile App, you can receive real time updates and notifications when a change occurs. However, you may miss an update if you do not check your notifications.

If you would like to receive text and/or email alerts instead for notifications, you can choose those tabs and enter the required information. With either option, you can choose which specific fields you would like to receive updates on. You will also have the option of how long you would like to receive notifications. If you do not enter your information in either the text and/or email sections, you will not receive those types of notifications.

Do you have an Android or iPhone mobile device? If yes, we recommend downloading the free RainoutLine.com app from the app store instead of signing up for text alerts. The app makes it easier to enable and disable alerts without having to go through the process of verifying your phone number. Also, text alerts are limited to 140 characters so you might not see the whole status detail and text alerts can not play audio messages. The app does not have these limitations.

- 1 Enter the phone number to subscribe.
- 2 When would you like to stop receiving alerts?
- 3 Which extension(s) would you like this to apply to?
