PLANNING AND COMMUNITY DEVELOPMENT

Consultants, Builders and Developers Notice #2020-9-9

September 9, 2020

Dear Planning & Community Development Customer,

Planning & Community Development Announces New Permits and Inspections Administrator

Following a competitive search process to fill the vacancy left by the retirement of long time Permits and Inspections Administrator Cheri Hainer, we are pleased to announce Scott Steen, CBO, MCP as the new Permits and Inspections Administrator.

Scott has worked in construction for all his professional life, and began his career with the City of Virginia Beach in August 2005 as a Plans Examiner I. He progressed to Plans Examiner II and then Plans Review Supervisor. Along the way he has accrued an impressive 46 International Code Council certifications including Certified Building Official (CBO) and Master Code Professional (MCP). Scott was named as Interim Permits and Inspections Administrator in February 2020. His extensive knowledge of the construction industry and the codes that govern it made him an ideal candidate for the position.

Scott brings a valuable knowledge set that balances codes and regulations with customer service. There is no doubt that Scott's dedication to excellence will lead to a successful future for staff and customers.

Sincerely,

Robert J. Tajan, AICP, CFM, Director
Planning and Community Development
