DSC Information Notice #197

June 18, 2013

Topic: New DSC Staff and Team Organization

The DSC is pleased to announce that **Theresa Holleran, P.E.** was promoted to Engineer III, DSC Project Manager on May 16, 2013. Theresa has over ten years of experience in the DSC, serving on the Single Family and Commercial Teams, providing stormwater and utilities reviews. She will be assuming the duties of DSC Project Manager for the Eastern part of the City.

Roderick (Ric) Bagtas, L.S. will move into the DSC/Utilities Engineer position vacated by Theresa, effective June 16, 2013. Ric has been with the DSC for 10 years, providing Single Family and Commercial reviews, and assisting with subdivision plat review as well.

We welcome two new members, **Justin Twine, E.I.T.** and **Robert Winslow, E.I.T.** Justin and Rob will be the DSC Engineer reviewers for the Central and West Teams, respectively, reviewing stormwater, E&S, street improvements, etc.

Justin is a Civil Engineering graduate from Virginia Tech and has been working in the Virginia Beach Strategic Growth Office. Justin started with the DSC on June 1, 2013.

Rob is a Civil Engineering graduate from UVA and has been working with the City of Chesapeake Public Works and Public Utilities Offices. Rob started with the DSC on June 16, 2013.

VERY IMPORTANT: *There will be a few months of transition of work among the teams, project managers and team members to accommodate training and allow current reviewers and project managers to complete some projects. If you are unsure who is or will be handling or reviewing your project, please contact the DSC Project Manager for that area.*
