DSC Information Notice #180 August 31, 2011

Topic: Chesapeake Bay Preservation Area (CBPA) Board Application Submittal Deadline Change

Background

The current application deadline date for the monthly CBPA Board Public Hearing is the 20th of the preceding month of the public hearing (fourth Monday of the month). The Board members felt that the time between filing the application and the public hearing was not adequate for staff to review the application, discuss the application with the applicant, and receive revisions prior to finalizing the staff report. By adding fifteen (15) days to the review period, it is hoped that the additional time will give staff and applicants the opportunity to fully complete the applications and avoid costly and lengthy deferrals.

New CBPA Board Application Process

Effective for the November 28, 2011 (fourth Monday) CBPA Board Public Hearing, applications must be submitted by October 5, 2011.

All future applications must be submitted by the 5th of the preceding month of the CBPA Board Public Hearing (fourth Monday of the month).
