**DSC INFORMATION NOTICE #48**  
**March 8, 1996**

**TOPIC:** *Stormwater Management Ordinance - Certification by the Applicant or Developer*

**ITEM #1:** *Section 6(g) of the Stormwater Management Ordinance (Appendix D) requires the applicant or developer to provide a certification stating that all lot clearing, construction, development activity and drainage shall be performed in accordance with the stormwater management plan.*

**ITEM #2:** *Definitions:*

*Applicant means any person submitting a stormwater management plan for approval. (This does not mean the consultant or engineer.)*

*Developer means any person who engages in land development either as the owner or as the agent of an owner of property.*

**ITEM #3:** *The individual signing the certification will be held responsible for any violations to the stormwater management plan.*

**ITEM #4:** *The following signed certification **must appear on all stormwater management plans** prepared for all site plans or subdivision construction plans. The certification must appear on the coversheet or first sheet of the site plan or subdivision construction plan. If the stormwater management plan is submitted as a separate plan, the certification must appear on the first page.*

*The undersigned hereby certifies that all land clearing, construction, development activity and drainage shall be performed in accordance with the approved stormwater management plan.*
