

***DSC INFORMATION NOTICE #63 - Correction***  
***May 15, 1998***

***TOPIC:***        **Boroughs**

***Item #1:***        **Effective July 1, 1998**, the seven boroughs of Virginia Beach will no longer exist. The current boroughs are being replaced by Voting Districts for election purposes.

***Item #2:***        Borough designations used in legal documents (easements, deeds, surveys, subdivision plats, etc.) will no longer be required by City staff. In addition, the reference to boroughs on development plans, permits, etc. will also no longer be needed.

***Item #3:***        Many people use the borough designation as a starting point or a broad reference when researching and reviewing legal documents. Some individuals may wish to continue to reference boroughs on some of their legal documents. The following wording is suggested for use in those cases.

***“...located in what was formally formerly known as the \_\_\_\_\_ Borough...”***

***Item #4:***        If a borough designation is placed on a legal document reviewed by DSC staff, the wording found in Item #3 above must be used.
