

## **Chad Boyce**

**District Fisheries Biologist**

**Virginia Department of Game and Inland Fisheries (VDGIF) since 2002**

- Serves/covers the area south of the James River from Emporia to Virginia Beach and the Eastern Shore.
- Current research focuses on the restoration of the bass fishery and subaquatic vegetation (SAV) in Back Bay.
- Before coming to the VDGIF, he worked for the North Carolina Division of Marine Fisheries and the Virginia Marine Resources Commission (VMRC).
