Policy

It is the policy of the Virginia Beach Police Department to provide on the job training to newly sworn officers, through the use of the PTO program. The curriculum for the PTO program will prepare newly sworn officers to function without close supervision in accomplishing the Department’s Mission and in achieving its Vision. Newly sworn officers must successfully complete the PTO program before functioning as sworn police officers without close supervision.

Timing and Duration of the PTO Program Following Entry Level Training or Certified Academy Training (CALEA 33.4.3 A)

PTO training will be conducted following successful completion of recruit academy or certified officer orientation. PTO training will be conducted for a period of at least 16 weeks for recruits, and 12 weeks for certified officers. A PPO/Officer experiencing problems may be extended for a period of 3 weeks during Phases A&B. After remediation, the PPO/Officer will complete the mid term evaluation prior to moving to Phases C&D. Failure to successfully complete the mid-term evaluation will result in the convening of the Board of Evaluators to make recommendations on additional training or possible termination. If the PPO/Officer successfully completes the extension, he or she will then continue on in the PTO program. A PPO/Officer that is experiencing problems in phases C&D may be extended for a period of 3 weeks. Remediation again, will be used and documented. If the PPO/Officer successfully completes the extension, he or she will then continue on in the PTO program and complete the final evaluation. If he or she is not successful, the Board of Evaluators will be convened to make a determination on their status. All cases of remediation shall be designed to address learning needs and will be documented using the department’s Remediation Form PD-326. Remediation will not be more than 6 weeks total during the program without the approval of the Board of Evaluators.
