

Green Run Dahlia North Pump Station Improvements Project (CIP 6.041.097)

Willingness to Hold a Public Meeting

The City of Virginia Beach Department of Public Utilities will rehabilitate the sanitary sewer pump station located at 1599 Dahlia Drive between South Independence Boulevard and South Rosemont Road. The pump station was constructed in the early 1970s and is in need of upgrades to meet current and future sanitary sewer system flow demands. The pump station location is denoted with a star on the map.

Major construction during the rehabilitation of the pump station will include:

- Replacement of the piping, valves, pumps, motors, HVAC equipment, and controls inside the building
- Installation of a pad for an emergency power generator
- Installation of a new force main along Dahlia Drive to South Rosemont Road
- Modification to site storm water collection system

We encourage you to contact us with any questions, comments, and concerns you may have with regard to this project. Please contact our project manager, Randall Allen, P.E., at (757) 385-1934 Monday through Friday 8:00 AM to 5:00 PM.
