*See reverse for device testers' list disclaimer)*

# City of Virginia Beach

The City of Virginia Beach (COVB) offers the aforementioned list and information to our customers only as a convenient reference list and may not be all inclusive of DPOR certified testers in the local region. The COVB will not accept any liability for exclusion. The COVB does not endorse, guarantee or warrant any work performed by the testing companies listed here. You may want to call for price estimates before contracting with a testing company. All interactions between customers and testing companies are private business transactions between these two entities. The COVB highly recommends that whenever customers prepare to hire someone to test their devices they should inquire of the proper State approved backflow inspection credentials of those being considered as certifications are subject to suspension, revocation and expiration. Customers may also check the status of the contractor's license at the Commonwealth's DPOR website ([www.dpor.virginia.gov](http://www.dpor.virginia.gov)) or by calling (804) 367-8511. For more information on the COVB Backflow Program visit our website ([www.vbgov.com/backflow](http://www.vbgov.com/backflow)).
