The City of Virginia Beach (COVB) offers the aforementioned list and information to our customers only as a convenient reference list and may not be all inclusive of HRPDC certified testers in the local region.

The COVB will not accept any liability for exclusion.

The COVB does not endorse, guarantee or warrant any work performed by the plumbing companies listed here. You may want to call for price estimates before contracting with a plumbing company. All interactions between customers and plumbing companies are private business transactions between these two entities.

The COVB highly recommends that whenever customers prepare to hire someone to clean their grease control devices they should inquire of the proper contractor's license.

Customers may also check the current status of the contractor's license at the Commonwealth's DPOR website (www.dpor.virginia.gov) or by calling (804) 367-8511.
