

3019000 Thoroughgood House Improvements and Visitor Center

Overview

A new Visitor Center and ADA compliant restroom facility are being construction at the Thoroughgood House Historic Site located at 1636 Parish Road. The new 2,700sf Visitor Center will replace a 40-year old visitor center and will include a classroom / multi-purpose room and a new exhibit gallery. Also included in the project are ADA compliant restrooms, an ADA compliant rubber mulch walkway through the historic site, and upgrades to the historic house HVAC system.

The project was designed by Waller, Todd, & Sadler Architects of Virginia Beach.

The construction contractor is Everest Construction Management Corporation of Virginia Beach.
