

## E-CYCLING RESOURCES

No matter the condition (working or not) your outdated electronics can be donated or returned to the manufacturer for e-cycling.

### BEFORE DONATING OR RECYCLING YOUR USED ELECTRONICS

- For your computer or laptop, consider upgrading the hardware or software instead of buying a brand new product.
- Delete all personal information from your electronics.
- Remove any batteries from your electronics, they may need to be recycled separately.

## WHERE TO DONATE OR RECYCLE

### RETURN TO THE MANUFACTURER

Manufacturers and retailers offer several options to donate or recycle electronics. In many cases, the manufacturer will either supply you with a location to return your device or provide you with a postage paid shipping label.

For a list of manufacturers, including their websites, please visit:  
<https://www.epa.gov/recycle/electronics-donation-and-recycling>

### DONATION

Local donation centers will accept your unwanted electronics.

### City of Virginia Beach Landfill and Resource Recovery Center

1989 Jake Sears Road | Tues-Sat 7am-4:30pm
