

HHW & METALS RECYCLING

The City's Landfill and Resource Recovery Center offers residents a FREE and convenient way to safely dispose of your Household Hazardous Waste (HHW) and scrap metals.

METALS

- Aluminum, stainless steel, metal bed frames, ferrous metal, metal lawn furniture, grills, metal yard ornaments, metal fencing, radiators
- Electrical Appliances - Examples: vacuum cleaners, blenders, washers, dryers, ovens, air conditioners, fans, any other motorized appliances
- Electrical or Gasoline Powered Tools: lawn mowers, sweepers, trimmers, spreaders, drills, saws, etc.
- Other: electrical cords, metal tubing, copper, and brass

HHW

The following items may be dropped off by private citizens but not by businesses:

- Aerosol spray cans | Oil based and latex (water based) paints
- Household cleaners | Fertilizer, Herbicides, Pesticides
- Appliances containing refrigerant
- Automotive fluids
- Batteries: Lithium, NiCD, and rechargeable
- Light Bulbs – all types (CFL and fluorescent included)
- Pool chemicals

Please Note: No more than 5 gallons of liquids or 75 pounds of dry chemical can be accepted. Waste should be in original container with labeling intact.
