

Chapter Registration Form

Project Green Teens is an organization of teens who strive to improve the environment and the mindset of Virginia Beach. As a growing organization it was deemed necessary to form chapters within the public and private schools of Virginia Beach. Membership as a chapter guarantees certain rights such as representation, access to material for projects, knowledge, and partnerships with other chapters to create a visible change within the community. In return chapters will aim to increase the impact of their annual community projects and assist in citywide projects. Further information is available on the Project Green Teens facebook page or website at:
